STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Pembroke in the County of Merrimack in said State, qualified to vote in the Town Affairs:

(L. S.)

You are hereby notified to meet at the Community House in said Pembroke, on Tuesday, the ninth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear and act upon the report of the Town Ways and Means Committee.
4. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.
5. To see if the Town will vote to change twenty (.20) cents on and after September 1, 1949, on all unpaid 1949 Poll Taxes.
6. To see if the Town will vote to authorize its Selectmen to sell any real estate which the Town may have acquired by deed as a result of non-payment of taxes; and to authorize the Selectmen to give a deed in the name of the Town to the purchaser of such land.

7. To see if the Town will vote to raise and appropriate the sum of Six Hundred Thirteen Dollars and Eighty-one Cents (\$613.81) for the maintenance, construction or reconstruction of Class V highways, thereby to receive State aid therefore.

8. To see if the Town will vote to raise and appropriate an additional One Hundred Eighty-six (\$186.00) Dollars (approximately) yearly to the present street lighting expense, in order to have the present business section lights changed to the new "White Way plan such as is now in use in Allentown and Manchester.

9. To see if the Town will vote to rescind articles 8 and 9 in the 1948 warrant. Said articles being as follows:

"8. To see if the Town will authorize the Board of Water Commissioners to make certain improvements to the Pembroke Water System for the construction, repairing, laying, relaying, enlarging or extending the present pipe line; repairing or extending the present auxiliary supply at the "Old Reservoir" so called, in Allentown; acquiring such additional real estate, rights in real estate, water rights, easements, and other rights and property, as the board may consider desirable or necessary, and in general to make such other repairs or improvements as the Board may deem wise and proper for a more suitable, efficient and adequate water system."

"9. To see if the Town will authorize the Selectmen to borrow a sum of money not exceeding Two Hundred Thousand Dollars (\$200,000) on the credit of the Town from time to time as the same may be deemed necessary and expedient for the purpose of defraying the expense of purchasing real estate, rights in real estate, water rights, easements, and other rights and property, and for the construction, repairing, ex-

tending and enlarging said water works as stated in Article 8, and to issue from time to time the serial notes or coupon bonds of said Town. If coupon bonds are issued they shall be in the denomination of either Five Hundred Dollars (\$500.00) or One Thousand Dollars (\$1,000.00) each, or both, payable to bearer, bearing interest at a rate not exceeding $2\frac{1}{2}\%$ per annum, payable semi-annually. Said serial notes or bonds and coupons to be in the form prescribed by the Municipal Bond Statute, Chapter 72 of the Revised Laws and all amendments thereto; said serial notes or bonds to be signed by a majority of the Selectmen of said Town and countersigned by the Treasurer of said Town in accordance with said law. If coupon bonds are issued, they shall be sold by competitive bidding. The first series of said bonds, in the amount of Ten Thousand Dollars shall become due and payable within two years from date of issuance; thereafter, bonds in the sum of Ten Thousand Dollars shall be due and payable each year until the balance of all the bonds issued shall have been paid. All of said serial notes or bonds issued shall be exempt from taxation when held by the inhabitants of any town in which said Water Works may extend."

10. To see if the Town will vote to authorize the Board of Water Commissioners to change the present source of supply of the Pembroke Water system from Pleasant Pond to some source within or near the Town, if as a result of adequate preliminary tests and surveys, made by competent engineers, it is determined by the Board to be expedient and to the best interests of the community to make such change; and to authorize said Board to acquire such additional real estate, rights in real estate, water rights and such other rights and property and to undertake such new construction and repairs, including the laying and relaying, enlarging or extending of the present pipe line, as to the Board shall seem necessary or desirable

to accomplish this change in source of supply; and to authorize said Board to make any other repairs or improvements as shall be necessary for a more suitable, efficient and adequate water supply.

11. To see if the Town will authorize its Selectmen to borrow a sum of money not exceeding Four Hundred Fifty Thousand (\$450,000) Dollars, on the credit of the Town by the issue of bonds, as provided in Chapter 72 of the Revised Laws, as amended, from time to time as the same shall be deemed necessary for the purposes specified in Article 10. Provided, however, that no sum shall be borrowed in excess of the statutory debt limit for this purpose, unless and until the Legislature shall have passed an enabling act raising such debt limit; and to authorize the Selectmn to determine the time and place of payment and form of said bonds, and the rate of interest thereon, and to provide for the sale thereof, to an extent not inconsistent with Chapter 72, Revised Laws, Chapter 306 of the Laws of 1913, and the enabling act above referred to, if it shall be passed.

12. To see if the Town will vote to authorize the disposal of such of the property of the Pembroke Water Works, both real and personal, as shall no longer be necessary for the efficient operation of the water system, as a result of the change of source of supply referred to in article 10 on such terms and conditions and at such time as the Board of Water Commissioners shall determine to be to the best interests of said Water Works; and to authorize the Selectmen to give a deed or bill of sale in the name of the Town to the purchaser of such property.

13. To see if the Town will vote to authorize the Selectmen to provide for the removal of rubbish weekly, to put the job of removal up for bids, to make necessary contracts, and to supervise the removal of same.

14. To see if the Town will vote to raise and appropriate the sum of Twelve Hundred Fifty (\$1,250.00) Dollars for use by the Concord Hospital, together with appropriations from other towns using the hospital, to help meet operating deficits.

15. To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred (\$1500.00) Dollars for the purpose of purchasing a tractor together with attachments for highway mowing and plowing.

16. To see if the Town will vote to install and maintain a street light at the foot of Turnpike Street, on the west side of the street.

17. (By Petition) To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500.00) Dollars to be set aside as an accumulative Library Fund for Building purposes.

18. (By Petition) To see if the Town will vote to rescind article 7 and 8 in the 1946 warrant and return the money raised and appropriated to the general funds of the Town. Said article being as follows:

"7. To see if the Town will authorize the Selectmen to purchase of Clarence E. Loso and Jessica Loso for highway purposes, a strip of land fifty feet in width extending from the northerly end of High Street to land of Alice Holt and also a strip of land running westerly from Broadway to where it will intersect the proposed High Street Extension, said strip of land to be fifty feet in width, the exact location of the same to be agreed upon between the Selectmen and the said Clarence E. Loso and Jessica Loso; to see if the Town will vote to raise and appropriate the sum of Six Hundred (\$600.00) Dollars to pay for the said land."

"8. To see if the Town will authorize the Selectmen to make a survey of the proposed streets referred to in Article 7."

19. (By Petition) To see if the Town will vote to raise and appropriate the sum of Two Hundred (\$200.00) Dollars for a series of Band Concerts.

20. (By Petition) To see if the Town will vote to direct the Board of Water Commissioners to lay a water pipe from the present connection on Elm Street on Pembroke Hill Road to the homes of Cecil McKay and Henry Cote.

21. (By Petition) To see if the Town will vote to accept and maintain as Town Streets two streets in the Leon Girard Subdivision, as these streets are now laid out and used; one running parallel with the Daniel Webster Highway and known as Skyview Terrace, and the other running from the Daniel Webster Highway to Skyview Terrace and known as Hilltop Avenue.

22. To hear the reports of auditors, agents and committees or officers heretofore chosen, and pass any vote relating thereto.

23. To transact any other business that may legally come before said meeting.

The polls will be open until six o'clock in the afternoon.

Given under our hands and seal, this eighteenth day of February, in the year of our Lord nineteen hundred and forty-nine.

REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these mancaused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

ANNUAL REPORT OF THE
SUPERINTENDENT OF SCHOOLS
OF PEMBROKE
NEW HAMPSHIRE

To the School Board of Pembroke:

It is with pleasure that I present to you my second annual report of your school organization and educational activities. Such recommendations as are herein suggested are made because of the increasing scarcity of teachers, the continued growth of pupil enrollment, and the steady rise in the costs of books, supplies, equipment, labor, transportation, tuition, and fuel.

May I express my thanks and appreciation to the School Board, Selectmen, Janitors, Teachers, Pupils and all other individuals and organizations that have helped in any way to improve the challenge of modern education in the schools of Pembroke.

The enrollment has increased to such an extent that it has been necessary to engage teachers for both Grades 3 and 4 and close the Pembroke Street School while at the same time move Grade 6 to the grammar school. By changing the kitchen to the first floor, placing Grade 4 in the homemaking room, and permitting the young ladies who take Homemaking to use the kitchen, the hall, and the girls' basement for classes, the pressure was removed temporarily.

Mrs. Pearl Grimes of Pembroke came into the system as the homemaking teacher to replace Mrs. Hayden. Mrs. Douillette moved to the Grammar School to teach the children in Grade 4. Mrs. Helen H. Desmarais of Concord was elected to teach Grades 7 and 8 to replace Mrs. Huckins.

Miss Mary J. Donovan of Concord became the teacher in Grade 2 to replace Mrs. Gooden and Mr. Joseph Fontaine, Sr. of Pembroke replaced Mr. Joyal as the janitor just at the opening of school. Mrs. Lillian Naramore has been engaged as lunch room director and her experience with quantity cooking and serving in various camps and rooming houses extends to the school system of the town the benefits not received in many systems. Therefore, with the beginning of school in September, the following staff was ready for business.

Mr. Donald L. Chase	Principal & Grades 7 & 8
Mrs. Helen H. Desmarais	Grades 7 & 8

With the new set-up in enumerating the children of the town, it was necessary to list all youngsters up to and including 15 years of age. This extension of the census will be of value in determining the probable school growth for the next five years. It does not provide, however, for the fluctuation of the general population. This census has also been carried out over the entire country with the result that enrollment forecasts and future needs may be determined and provided for in many phases of education.

The following tables show the Census for the Town of Pembroke and the United States as a whole.

In studying Table II, it is interesting to note that (1) from 1947 to 1960, with the peak enrollment in 1958, there is a gain of nearly 10 millions in the schools of the country — 24,500,000 to 34,200,000; (2) peak enrollments begin in Grade 1 in 1954 and 1955 and continue for each succeeding year until 1960 when the peak comes in Grades 6, 7, and 8; (3) the relative growth in Grade 1 is higher during the 10-year period than the High School growth; (4) the peak of the elementary school enrollment is reached in 1957 while that of the Grand Total comes in 1958 and the high school in 1960; (5) the high school growth holds quite steady from 1947 to nearly 1958 and even in one or two years is retarded. However, there is no question of the great increase in the growth of the schools in the next ten years and taxpayers must face that fact and provide accordingly; costs of instruction, current costs, building needs, total costs, and costs within the schools themselves brought about by curriculum changes, methods of teaching, equipment needs, and general school trends.

The lunch program continues to function at top speed and more and more children are availing themselves of a hot meal at noon. This is surely an important factor in the education of the youth of the school and more than a passing fancy in the lives of the citizens.

Achievements tests have again been administered to all the children of the school together with mental ability tests. Data is in the files which is proving very valuable to the teachers in their study of individuals and remedial work. Enough cannot be said concerning the staff in its attempt to improve the standing of every individual. If the budget permits, tests should be given in the spring to all youngsters.

A serious problem of housing confronts the School Board and citizens of the town immediately. Enrollments are increasing and unless something is done very soon the education of the children of the town will be greatly im-

paired. During this past year it was necessary to elect a teacher for each of the third and fourth grades. This crystallized the need for the changes made in the home-making room and the kitchen. It was only temporary relief, however. There are nearly 50 youngsters in the room housing Grades 5 and 6 and between 40 and 50 in Grade 3. This means without any argument that Grade 4, for next year, must be divided into two divisions and Grades 5 and 6 must be housed separately. The result will require two more teachers. And to add to the confusion, provision must be made for the two new units for which the new teachers are being hired. This is the most important problem the district must face for next year. And if you will but study and believe the census tables you will find that this problem must be faced for the next five to eight years.

You have one of the best teaching staff in the Union and the State. This staff under the guidance of a very capable principal has done more to raise the standards of your school than any other factor. The problems you have to face include the problem of teachers salaries this year as well as last year and will continue to be an important part of the education of the youth of the town for some time to come. Salaries in Pembroke have kept pace with salaries in the state and if you want to retain your best teachers you must continue to go along with other towns. In a recent survey conducted by the State Department of Education the data shows that teachers' salaries will average for the towns the size of Pembroke for next year between \$2,000 and \$2,500 not including principals. The following table shows a number of towns of the same equalized valuation and the salaries of their teachers for the past year, 1948-49.

There are many other items in the budget which need the attention of the School Board as well as the citizens of the town if your schools are to be kept up to standard and on a par with other schools of the state. Books and Supplies are necessary factors in any school system at any time, but especially under present increasing costs of paper, materials, and labor. Your fuel bill is not shrinking in any way unless we continue to have open winters. The adequate supervision of the health of your children is vitally

important as was shown during last year in the dental clinic and the foresight of the Woman's Club in purchasing and presenting to the school the new machine for testing the hearing of the youngsters.

Tuition rates are advancing as has already been shown over the past three years in the estimated amount of \$168.00 for 1949-50 per pupil for High Schools. And I might add that there is no law curtailing what can be charged for elementary school tuition. I speak of this because during 1948-49 Concord School District charged \$150.00 tuition for boys and girls in Grades 1 to 8 inclusive.

The per capita tax will increase with the increased enrollments regardless of the desires of the taxpayer and the law requires each district to pay into the Teachers' Retirement System 5 percent of the salaries paid to its teachers.

Every year every school building needs a certain amount of money set aside for repairs and replacements. Surely this is another item that cannot be overlooked along with the necessary new equipment.

Probably along with the housing problem for special attention is the matter of State Aid for schools. During the past two years Pembroke has received approximately \$13,500 for State Aid. This was Pembroke's share of the money raised in the \$2,000,000 State Aid Bill passed during the last legislature and figured on the new formula including equalization and general aid to schools.

It is most urgently brought to your attention that the present governor of the State recommends a return to the old formula of general aid only, which means that Pembroke will not receive this aid for 1949-50 unless the present General Court passes a new State Aid Education Bill for \$2,000,000. Before 1947 under general aid, Pembroke received no State Aid. Board members and taxpayers who fail to make adequate arrangements for such

a contingency must face the parents of the town with a retrenchment program and take its chances with the budget. In discussing the above items in the budget and the problems which must be met by the men and women who pay the bills, I am trying to place before you in a frank and earnest manner the most important factors which not only confront this town, but every town in the state and nation. Education is the greatest problem in the United States today and the only people who can solve it are you and I and many more American citizens like us. I most urgently evoke your study and help in this most important problem.

Again may I express my appreciation for your confidence in my endeavors to make the Schools of Pembroke a living factor for a better life in the community.

REPORT OF THE HEADMASTER OF PEMBROKE ACADEMY TO THE TRUSTEES AND SUPER- INTENDENT OF SCHOOLS FOR 1948

Teaching Staff and Enrollment

School opened at Pembroke Academy on Wednesday, September 8, 1948, with seven regular and two part time teachers and 157 pupils. Eight new pupils entered during the fall, while twelve pupils left school, making the present enrollment, February 1, 1949, 153.

The present teaching staff is as follows:

Mr. Jarvis T. Beal, Headmaster, Administration, Science.
Mr. Edward H. Currier, Mathematics and Physics.
Miss Mabel E. Hayes, English, Social Studies, Latin.
Miss Rosamond Batchelder, Commerce.

Miss Geneva Moore, Home Economics.
Miss Jacqueline Paquette, English, French, History.
Mr. John B. Burkhardt, Industrial Arts.
Mrs. Elizabeth C. Morrill, Prize Speaking and Dramatics.
Mrs. Mabel Reed, Music.

Because our enrollment dropped from 178 to 143 last year, it was necessary to try and get along with one less teacher this year. Consequently, the courses of Vernon Lewis were divided among several of the other teachers. Mr. John Burkhardt replaced Mr. Ernest Proulx in the shop, as Mr. Proulx decided to attend the University of Pennsylvania. Miss Ann McCushing was succeeded by Miss Jacqueline Paquette of North Stratford, New Hampshire, a graduate of Keene Teachers' College with teaching experience at Andover New Hampshire High School.

The 165 pupils are distributed as follows:

EXTRA CURRICULA ACTIVITIES

Extra-Curricula activities and responsibilities are divided among the teachers according to their teacher load, as well as their individual training. Mr. Currier has had charge of boys' basketball and baseball, and has been ably assisted by Mr. Burkhardt who has helped with the J. V.'s and the Freshmen boys. Miss Paquette has coached the girls in basketball and other sports. Miss Hayes has helped with guidance and testing, and has supervised the student librarians. She has organized and planned the yearbook. Miss Batchelder has charge of the financial accounts and the student activity association, as well as the school newspaper. Miss Moore has supervised the noon lunch program, and taken charge of skiing and the winter carnival.

Prize Speaking and Dramatics: Under the able guidance of Mrs. Morrill, the Austin Memory Prize Speaking Contest was held on Thursday, December 16. The winners were Robert Blackmar, first; Lucille Brooks, second; Faye Lewis, third; and Maurice Philbrick, fourth. The pupils in the three upper classes have been working on their original essays, and the Original Prize Speaking Contest is planned for some time in March or April. On Friday, November 5, the Senior class presented its play entitled, "The Darling Brats," coached by Mrs. Morrill who was assisted by Miss Paquette. This three act comedy was very well attended, and aided materially to the financial assets of the Senior class. Mrs. Morrill also directed the pageant which was given at Christmas time.

Music: Under the direction of Mrs. Mabel Reed there have been regular mixed chorus and girls' Glee Club rehearsals regularly during the year. The mixed chorus participated at graduation and the other special groups have rendered numbers at the prize speaking contests. In the spring of '48, the operetta "Jeanie" was cast with both the chorus and the soloists giving a very creditable performance.

Noon Lunches: Our classes in Home Economics and Shop, as well as our noon lunch program, are all federally aided. This means, also that the requirements in these courses are more strict than they are in others as to the amount of time, home projects, etc. For the school year 1947-1948, we were indebted to Mrs. Basil Cutting who acted as cook. Since September 1948, this work has been taken over by Mrs. Valerie Bernier. The meal is a well balanced ration which includes milk and costs in the neighborhood of twenty cents, and we feel that more pupils should be taking advantage of this splendid offering. The average number we are feeding, at present, is about forty. Much of the food being used was canned by the various Home Economic classes in the fall.

Miscellaneous: Just before the Christmas vacation, the Senior class met and selected Miss Marilyn Hillman as Best D.A.R. Citizen. This selection is made each year through the efforts of Buntin chapter of the local D.A.R. organization. This selection is based on honor, service, courage, leadership, and scholarship.

A dinner meeting of the Alumni Association was held in the Academy auditorium on Saturday, November 20. This meeting was the best attended in recent years with 360 people sitting down to dinner. A program of singing and speaking was arranged and the following officers were elected to govern the Association for the coming year: Howard Saturley, President; Ivory Kimball, Vice President; Everett Farnum, 2nd. Vice President; Esther Holt, Secretary; Burt Robinson, Treasurer.

Conclusion

On Saturday, January 8, the winter meeting of the New Hampshire speech association was held at Pembroke Academy under the supervision of Mabel E. Hayes. There was a business meeting in the afternoon followed by a chicken dinner, cooked and served by girls in the Foods

classes. After-dinner speakers were Mr. John E. Baird, U. N. H.; Mr. Ray Keesey, Dartmouth College; and Mr. Edmund Cortez, U. N. H., toastmaster.

The usual major activities were carried out again this year — the basketball and baseball games, the class dances, Senior Play, school operetta, and the two prize speaking contests. It has been difficult working out the same schedule as the previous year with practically no curtailment of courses, but with only seven teachers.

In conclusion, I want to mention the untimely passing of Mr. Hall Bailey, member of the Trustees. Pupils and faculty mourned with the community his passing. He was a loyal and interested friend of the school anxious to help at all times.

At this time, I want to thank the teachers, members of the Trustees, and Superintendent Watson for their interest and co-operation during the year.

Respectfully submitted,

JARVIS T. BEAL 2ND

Headmaster
